

Lesson 7

Lesson Overview

The next few exercises are built on hard practice. There are no new concepts to add just have the students type the code and answer the follow on question so that they see how this works and how to grasp it.

Activity

Have the students type the following code.

```
1 puts "Mary had a little lamb."
2 puts "Its fleece was white as %s." % 'snow'
3 puts "And everywhere that Mary went."
4 puts "." * 10 # what'd that do?
5
6 end1 = "C"
7 end2 = "h"
8 end3 = "e"
9 end4 = "e"
10 end5 = "s"
11 end6 = "e"
12 end7 = "B"
13 end8 = "u"
14 end9 = "r"
15 end10 = "g"
16 end11 = "e"
17 end12 = "r"
18
19 # notice how we are using print instead of puts here. change it to puts
20 # and see what happens.
21 print end1 + end2 + end3 + end4 + end5 + end6
22 print end7 + end8 + end9 + end10 + end11 + end12
23
24 # this just is polite use of the terminal, try removing it
25 puts
```

What You Should See

```
$ ruby ex7.rb
Mary had a little lamb.
Its fleece was white as snow.
And everywhere that Mary went.
.....
CheeseBurger
```
